## DID YOU KNOW

“CHAPTER XV THE AEROPLANE IN THE GREAT WAR during the civil war the Federal forces used captive balloons for the purpose of discovering the positions of the enemy. They were of great service at that time, although they were stationed far within the lines to prevent hostile guns from reaching them” @bonita Wilson

## ANDY ROONEY ON OIL

There are a lot of folks who can't understand how we came to have an oil shortage here in the USA. Well, there's a very simple answer: Nobody bothered to check the oil. We just didn't know that we were getting low. The reason for this is purely geographical..... all the oil is in California, Oklahoma, Texas, Louisiana, Wyoming, New Mexico, Alaska, etc. All the dipsticks are in Washington, DC.
